# Subject Index to Volume 9

(ab.) = Abstract

## Abstracts, grouped by subject

- Adrenal steroids and nutrition, 365
- Amino acids and nutrition, 768
- Current progress in arteriosclerosis, 519
- Glucose, fat and the liver, 657
- Items of general interest, 139, 258, 377, 660, 771
- Liver disease: nutritional and alcoholic, 366
- Magnesium metabolism, 369
- Newer dietary studies, 136
- Notes on niacin, 376
- Nutritional aspects of vitamin A, 770
- Nutritive value of milk, 655
- Physiology of gastrointestinal function, 256
- Pyridoxine in nutrition, 370
- Recent concepts in obesity, 651
- Vitamin B<sub>12</sub> and intrinsic factor, 372
- Vitamin C deficiency, 766
- ACTH therapy in protein malnutrition, 186
- Additives
  - and residues in foods
    - a symposium, 259-303
    - government problems in dealing with, 283
    - of animal origin, 260
    - panel discussion, 297
  - in foods
    - medical view of, 288
    - of plant origin, 269
- Adrenal
  - cortical system, role in protein malnutrition, 186
  - steroids and nutrition (ab.), 365
- Adrenogenital syndrome due to enzymatic defects in
  - cortisol synthesis, 661
- Aging, challenge of chronic disease and, 211
- Alcohol
  - and liver disease (ab.), 366
  - induced triglyceride deposition in liver, 432
  - intermediary metabolism of, 426
  - role in pathogenesis of cirrhosis, 439
- Alcoholic
  - auditory hallucinosis, 379
  - epilepsy, 379
  - neurologic diseases, etiology of, 379
  - neuropathy, 398
- Alcoholism
  - chronic, neurologic diseases complicating, 404
  - neurological and hepatic complications of, a symposium, 379-445
- Amaurotic family idiocy
  - enzyme alterations in, 103
  - sphingolipid metabolism in, 55
- Amblyopia, deficiency, and alcoholism, 404
- Amino acid
  - supplementation, implications of, 553

- supplements, effects on nutritive value of maize protein, 715
- Amino acids
  - and nutrition (ab.), 768
  - plasma, and ingested protein, 356
- Anemia
  - of pregnancy, folic acid metabolites in whole blood and serum in, 473
  - pernicious, how much folic acid is safe in, 708
  - tapeworm, and serum vitamin B<sub>12</sub> levels in diphylobothrium latum infections, 606
- Animal protein
  - intake of children, longitudinal study of, 616
  - total protein and total caloric intakes, relationships between, 729
- Antibiotics as additives to animal feeds, 260
- Arsenicals as additives to animal feeds, 260
- Arteriosclerosis, current progress in (ab.), 519
- ASCN News, 127, 244, 515, 646
- Ascorbic acid
  - human availability studies of, 324
  - serum levels in Central American school children, 164
- Atherosclerosis
  - a pediatric nutrition problem, 565
  - and diet in Ceylon, 752

## Bantu

- fibrinolytic activity of whole blood of, 461
- type diet, coronary heart disease in subjects habituated to, 643
- Beef brain lipids in Gaucher's disease, 112
- Benzphetamine and *d*-amphetamine in management of obesity, 632
- Biliary obstruction, hypercholesterolemia secondary to, 73
- Biochemical genetics as illustrated by hereditary galactosemia, 676
- Black Caribs, diet and serum cholesterol levels in, of Guatemala, 206
- Blood
  - fibrinolytic activity of, 461
  - folic acid metabolites in, in anemia of pregnancy, 473
- Book reviews
  - Albanese, A. A. (ed.) Protein and Amino Acid Nutrition, 134

- Rytand, D. A. (ed.) Annual Review of Medicine, Vol. 11, 255
- Rytand, D. A. (ed.) Annual Review of Medicine, Vol. 12, 649
- Sense, E. Clinical Studies in Nutrition, 518
- Witts, L. J. (ed.) Medical Surveys and Clinical Trials. Some Methods and Applications of Group Research in Medicine, 255
- Williams, R. H. (ed.) Diabetes, 135
- Wolstenholme, G. E. W. and O'Connor, C. (ed.) Human Pituitary Hormones. Ciba Foundation Colloquia on Endocrinology, Vol. 13, 649
- Wolstenholme, G. E. W. and O'Connor, M. (ed.) The Lifespan of Animals. Ciba Foundation Colloquia on Ageing, 135
- Breast milk, evaporated milk and prepared milk formulas, comparison of, 570
- Calcium, renal clearance of, in experimental urolithiasis, 345
- Carbohydrate metabolism, 304
- Carotene levels in Central American school children, 164
- Central nervous system  
effects of thiamine deficiency on, 414  
involvement in Niemann-Pick disease, 103  
metabolism and vitamin B<sub>12</sub> deficiency, 304
- Central pontine myelinolysis and alcoholism, 404
- Cerebral cortical atrophy and alcoholism, 404
- Chastek paralysis, 414
- Chemical residues and additives in foods of plant origin, 269
- Chicken pox, effect on nitrogen metabolism in children, 154
- Cholesterol  
and phospholipids in hyperlipidemia, 73  
dietary, effect on serum cholesterol in man, 126  
distribution in human serum lipoproteins, 24, 41  
serum  
changes in man, 315  
in infants, 570  
in Italian-American factory workers, 351  
levels among the Black Caribs of Guatemala, 206  
levels of Central American children, 143, 148
- Choline deficiency induced by alcohol, 439
- Chromatographic studies, gas-liquid, of fatty acids, serum lipids and serum lipoproteins, 13
- Chromatography in separation and isolation of lipids, 113
- Coccidiostats as additives to animal feeds, 260
- Colcemide therapy, neoplastic disease and nitrogen balance, 446
- Cirrhosis, role of alcohol in pathogenesis of, 439
- Cords, iron content of, 613
- Coronary heart disease in subjects habituated to Bantu type diet, 643
- Cortical cerebellar degeneration and alcoholism, 404
- Cortisol synthesis, adrenogenital syndrome due to enzymatic defects in, 661
- Cortisone therapy in protein malnutrition, 186
- Creatinine, urinary excretion of  
in severe protein malnutrition, 176  
under different nutritional conditions, 170
- D-amphetamine and benzphetamine in management of obesity, 632
- Delirium tremens and alcoholism, 379
- Desmosterol levels in hypercholesteremic subjects treated with triparanol (MER-29), 760
- Diabetes, juvenile, management, at Camp Nyda, 583
- Diet  
and atherosclerosis in Ceylon, 752  
and cholesterol and lipid levels, 236  
and serum cholesterol levels among the Black Caribs of Guatemala, 206  
Bantu type, coronary heart disease in subjects habituated to, 643  
effect of adding fat and animal protein to, 143, 148  
high and low cost and poor, vitamin intake in, 573  
in Italian-American factory workers, 351  
protein-free, biological study of, 320
- Diet therapy  
New dimensions for public health nutrition; the challenge of chronic disease and aging, 211  
Nutrition services in State Departments of Health: retrospect and prospect, 638
- Dietary  
changes, effect of gross, 148  
cholesterol, effect on serum cholesterol in man, 126  
studies, newer (ab.), 136

**Diets**

- high protein, effects of stress on animals fed, 557
- of children, relationships between animal protein, total protein and total caloric intakes in, 729

Diphyllobothrium latum infections, serum vitamin B<sub>12</sub> levels and tapeworm anemia in, 606

DOCA therapy in protein malnutrition, 186

**Edema**, prevalence in urban Zulu adults, 229

**Editorials**

Foreword to symposium on overnutrition, 525

Introduction to INCAP papers, 141

Introduction to symposium on additives and residues in human foods, 249

Introductory remarks to symposium on overnutrition, 527

Ethanol, stimulation of hepatic fatty acid synthesis by, 436

Enzymatic defects in cortisol synthesis, adrenogenital syndrome due to, 661

Enzyme alterations in infantile sphingolipidoses, 103

Enzymes as additives to animal feeds, 260

Epilepsy, alcoholic, 379

Estrogens as additives to animal feeds, 260

Evaporated milk, prepared milk formulas and breast milk, comparison of, 570

Exercise, effect on fibrinolytic activity of whole blood, 461

**Familial leucodystrophy**, sphingolipid metabolism in, 55

**Fat**

effect of adding, to diet, 143, 148

glucose and the liver (ab.), 657

metabolism in kwashiorkor, 735

transport, derangement of, causing alcohol-induced triglyceride deposition of liver, 432

Fat-free or fatty meal, effect on fibrinolytic activity of whole blood, 461

**Fatty acids**

distribution in human serum lipoproteins, 13, 24, 41

serum lipids and serum lipoproteins, 13

serum polyunsaturated, 735

synthesis, hepatic, stimulated by ethanol, 436

Fatty meal, effect on fibrinolytic activity of whole blood, 461

Fibrinolytic activity of whole blood, 461

**Folic acid**

how much is safe in pernicious anemia, 708

in human diets, 573

metabolites in whole blood and serum in anemia of pregnancy, 473

**Food additives**, 283

and residues in, 260

government problems in dealing with, 283

intentional, industry problems in developing, 277

effect on absorption of vitamin B<sub>12</sub>, 705

habits and malnutrition, 132

human, residues and additives in, 259-303

of animal origin, additives and residues in, 260

of plant origin, chemical residues and additives in, 269

residues and additives in, panel discussion, 297

**Galactosemia**, hereditary, biochemical genetics as illustrated by, 676

Gas-liquid chromatographic studies of fatty acids, serum lipids and serum lipoproteins, 13

Gastrointestinal function, physiology of (ab.), 256

**Gaucher's disease**

beef brain and spleen lipids in, 112

sphingolipid metabolism in, 55

**Genetics**

biochemical, as illustrated by hereditary galactosemia, 676

control of biochemical processes in diseases of metabolism, a symposium, 661-704

Glucose, fat and the liver (ab.), 657

Glyceride levels in hyperglyceridemia, 1

Glycogen storage disease, 683

Guatemala, diet and serum cholesterol levels among the Black Caribs of, 206

**Hair**, vitamin B complex content of, 746

Hallucinosi, alcoholic auditory, 379

Heart disease, coronary, in subjects habituated to Bantu-type diet, 643

Hemolytic drugs, sensitivity to, an inborn error of metabolism of red cell, 700

**Hepatic**

complications of alcoholism, a symposium, 379-445

fatty acid synthesis stimulated by ethanol, 436

Hormones as additives to animal feeds, 260

**Hypercholesterolemia**

secondary to biliary obstruction, 73

serum lipoproteins in, 24

Triparanol (MER-29) therapy and serum desmosterol levels in, 760

Hyperglyceridemia, studies of patients with, 1

**Hyperlipemia**

idiopathic, triglyceride transport in, 68

serum lipoproteins in, 41

Hyperlipidemia, secondary to hypothyroidism and nephrosis, 73

Hyperthyroidism, serum lipoproteins in, 24

Hypothyroidism, hyperlipidemia secondary to, 73

**I<sup>131</sup>-labeled triolein studies in idiopathic hyperlipemia**, 68

**INCAP**

mixtures for human feeding, 196

papers, 141-210

Infants, serum cholesterol studies in, 570

Infection and nutritional status, 154, 159

Intrinsic factor and vitamin B<sub>12</sub> (ab.), 372

Iran, nutrition survey of armed forces of, 478
